- Radio
- Television
- Internet
Communication Technology
Innovations of the Past ~150 years

QUESTIONS

• How does it work?

• What does it do?
  • What does it replace? What becomes obsolete?
  • Who could do things that they couldn't do before?
  • How did/does this change their role, well-being, life (individuals, groups)?
Assignment

• Each group consider these questions for one of the technologies (as assigned)
• Gather material, with references—for use on a wiki (Tuesday)
• Max 10 slide “power point” presentation for Wednesday—all participate
